

important piano dealer in America, during the Piano Dealers' Convention held at Richmond, Va., during May of this year.

If you are EVER going to buy a PIANO Buy it NOW -- during our July SALE

"Exposition" Pianos SHOULD command a PREMIUM, but are REDUCED instead!

Many of the pianos included in this immense July Sale, were exhibited of the National Piano Dealers' Association Convention at Richmond, Va., on May last.

Every instrument exhibited there was specially made; specially designed; specially carved and polished; equipped with special actions and wrought from specially seasoned woods. The makers were rivaling one another to exhibit the best-the finest-ever made.

Such instruments you may be assured, cost MORE and are WORTH more than ordinary taken-from-stock pianos, but, in place of charging more, we are going to sell them at HUGE discounts for we purchased them that way from the makers. Chances like this come SELDOM and Quantities are ALWAYS limited when they DO come.

Receive LARGEST allowance ever made on your OLD Pianos, Organs, etc.

Don't imagine you are getting enjoyment out of that old piano or organ of yours, for you are NOT. Your children growing up, are worthy of BETTER instruments-you NOW have a chance to supply them with the world's best at comparatively trifling prices.

And we will take that OLD piano or organ in trade on one of these newer "exhibit" pianos-we will, during this special July Sale, allow you the LARGEST amount a dealer has EVER offered you on the instruments you turn in as part payment.

And the terms will be adjusted to your needs.

Have a heart to heart talk with our two special district representatives; see Mrs. Wiker, our residen manager; you never have, never will have, a better 'piano chance.'

Messrs. C. C. Knapton and J. D. Horton, Special District Sales Managers for the chain of Bennett Co. Piano Houses, will lend assistance during this July selling of Pianos -- a gala sales event that will overtop anything of the kind ever offered in Alliance. Mrs. Wiker, our resident manager, advises immediate action upon your part, if you are considering the purchase of a Piano.

Millions Spent on Frauds

Over \$15,000,000 annually is poured into the coffers of those who exploite and advertise fake consumption cures, according to a statement issued today by the National Association for the Study and Preven-tion of Tuberculosis; and for this vast sum the victims receive nothing in return, but are often permanently injured and in the majority of cases cheated out of the chance for a real cure. Worse still, most of this money is paid by those who can least af-

The National Association has investigated several hundred so-called "cures" and "treatments" for tuberculosis now being advertised throughout the country, and finds that more than \$3,000,000 a year is being spent in soliciting the patronage of the public. On examination, it has been found that the great majority of these "cures" contain harmful and habit-forming drugs, such as morphine, opium and chloroform. None of them will cure con-sumption. The only cure for this disease that has ever been discovered is the combination of fresh air, rest and wholesome food. All of the "cures" that attempt to destroy the tubercle bacillus without these or to stop the progress of the desease in some mysterious way are branded as frauds and impositions.

No drug, gas or other material has yet been discovered, which, when eaten, haled or injected into the body, will kill the germs of tuberculosis. Fresh air, the germs of tuberculosis. Fresh air, which contains more oxygen than any substance known, will destroy the germs of tuberculosis, if it is breathed continuously for a long enough period, and if rest and wholesome food are employed at the

same time to build up the body.

It might not be amiss to add to the above that while many local papers give cut rates to secure advertising from these fake cure concerns, none of their advertisements find their way into the columns of The Herald. We lose some revenue by not taking them, but we prefer to stand the loss rather than advertise the frauds.

Summer Fallowing

Some time since we received from F. J. Alway, of the Nebraska agricultural experiment station at Lincoln, a request for help in securing the names of all the farmers in Box Butte county who are practicing "summer fallowing." Will readers of The Herald who know of any farmers in this or adjoining counties who are doing so please send their names to us or to F. J. Alway, College of Agriculture, Lincoln. Nebr. Following is from Mr. Alway's letter to

I am anxious to learn the names of all the farmers in Box Butte county who are practising "clean summer fallowing", "summer tillage" or "summer culture" for the conservation of moisture. The three terms all mean the same. to get into communication with every farmer in western Nebraska who is making use of clean summer fallowing, which is the most important practice in connecton with the so-called "dry farming" methods, of which so much is being written at the present time.

Butte Chautauqua

Crawford, Nebraska, Aug. 5, 6, 7, 8, and 10. Butte Chautauqua offers just the vacation for a busy man-Don't spend time and money in taking a long trip during Hot Old August, to stay a day or two at some great summer resort and then get back home more tagged then when you left to Crawford and camp with Butte Chautauqua. There are good reasons why you should do this. In the first place, you owe yourself some sort of a vacation, no man can long remain at his best, who does not take at least one week in the fifty two off. In the second place. Butte Chautaugua Association has provided a SIX DAYS PROGRAM which will help a man live this week better than be could possibly put in the time anywhere else.
